

COMMUNICATION TRAINING ACTIONS FUNDAE

The FUNDAE communication program is a tool for sending training data in XML format from the SAP Human Resources systems to the State Foundation for Employment Training, achieving a direct data sending flow between the company and the external agent.

What technological solution does it cover?

- It allows the sending of data hosted in the SAP HCM system related to:
 - Training Groups.
 - Training Actions.

Advantages

- Significantly reduces the times of obtaining, preparing, modeling and sending data to the Foundation.
- It organizes and stores the information of the training actions and training groups in a structured way in the SAP Human Resources system, allowing a more exhaustive control and management of the data.
- It guarantees the integrity of the data and the information sent to the official body of the Fundae.
